

Oak Meadow Lower Elementary Summer Program Options!

STEAM WEEK!

with Ms. Trani

Week 1: 6/12/17 – 6/16/17

FUN WITH LITERACY WEEK!

with Ms. Trani

Week 2: 6/19/17 – 6/23/17

Monday–Friday 8AM–4PM Please provide lunch, healthy snacks and a water bottle! Pizza lunch will be served on Friday!

STEAM

Science, technology, engineering, math plus art = STEAM! Come join us as we explore with science experiments and design projects that also involve painting, drawing and building. We will get creative as we also learn principles of science, such as exploring simple machines, and practice design challenges. We will find all kinds of ways to add art into each activity!

LITERACY

This week we will rehearse and perform Reader's Theater, conduct biography studies where we will research and write our own skits which portray the famous people we learn about, practice how-to-writing by creating directions on how to make (and then eat) our own sandwiches and where we will write directions to our own homemade board games. Each student will wrap up the week by writing and illustrating their own handmade book.

ART & NATURE

with Stephen DeFlorio, Naturalist

Weeks 3 & 4: 6/26/17 - 7/7/17 – (2 week program only)

Closed on July 3rd & 4th

Monday–Friday 8AM –4PM Please provide lunch, healthy snacks and a water bottle!

Wear long pants, long sleeves, sneakers and white socks (absolutely no sandals).

Come explore Mother Nature interacting with the life elements of earth, air, fire and water to create a beautiful and functional art kit such as reed pens, paintbrushes, crayons, charcoal drawing tool, quill pens, pigment paints, water colors, natural inks etc. We will use our tools out in the field to create art, draw, write and explore our inner creativity. Explore patterns in nature, play with texture, color, pattern, line.

Other activities could include paper making, primitive pottery, natural dyeing, cordage, baskets, earth art, Cherokee leaf prints, water color studio, natural journal making and using, and creating song lines to interpret the landscape.
