Program questions? Contact Kellie McElhinney at kmcelhinney@oakmeadow.org.

*****The \$50 deposit is a non-refundable fee. Money will not be refunded or credited to student accounts for canceled weeks.*****

OAK MEADOW CHILDREN'S HOUSE SUMMER PROGRAM 2018

WEEK	THEME		PROGRAM DESCRIPTION
Week 1 June 11 - 15	Instruments and Music Makers		Are you ready for a parade! Children will be making handmade instruments made out of everyday materials. Drumming and dancing will be the perfect way to kick-off the first week of the Summer Program!
Week 2 June 18 - 22	Cooking Around the World		Pack some bags because this is an adventure that can't be missed! Our little chefs will cook and craft the week away. Visit Italy and make "Insalata verde," sail to Mexico and make "salsa," and then France for crepes! Enjoy the tastes of the world!
Week 3 June 25 - 29	Summer Olympics		Get ready to represent countries from around the world. Explore fine motor and gross motor games, sports and water activities. Outdoor and indoor fun! Get ready to share your gold, silver, and bronze medals!
Week 4 July 9 - 13	Blast OFF! Solar System and Outer Space		Blast off into outer space. This is a fun-filled week learning about the solar system. Imaginations will soar while exploring the planets, stars and the moon. We will be working on a Space themed project each day!
Week 5 July 16 - 20	Pollinators: Bees and Butterflies		Learn about the amazing creatures that pollinate all of our food and flowers! We will be focusing in on honey bees and butterflies. Create beautiful and scientific projects around these helpful insects!
Week 6 July 23 - July 27	Baking		Come learn about the science and process of baking! Each day we will bake a new healthy (but special!) treat. Children will measure, sift, pour and mix in order to make their yummy creations!
Week 7 July 30 - August 3	Circus Life & Creative Performing		Join this wild and wacky circus troop! Learn magic, funny tricks and all about circus animals. There will also be lots of arts and crafts with the science behind what makes the circus fun. The week will wrap up with a circus performance for the staff!
Week 8 August 6 - 10	Magical Science & Simple Physics		Come enjoy fun hands-on activities such as building an easy homemade parachute toy, making fossils, creating a soda bottle greenhouse...These are some of the projects that will be investigated and experimented with during this fun week of Science!
